Yarding; 296 = -51 head. Av c/kg; 161 = +15c/kg. Av kgs 219 = -7kgs. Av\$ 353 = +\$22.

A smaller yarding with a far better quality yarding. An increased number of grain feed and better pasture finished veal saw a rise in the market over last weeks plain veal. Better quality heavy to medium cows improved while light cows did not get restocker interest and eased as a result.
