## Fat Sale Cattle Tuesday, 5 January 2010 (1)

### Lismore Saleyard

Yarding; 519 = 102 head. Avc/kg 165 = +11c/kg. Av kgs 215 = +11 kgs. Av\$ 355 = +\$40.

The year has opened up with only a slight improvement. Part of this may be attributed to the flood in the North West and sales being cancelled or very low numbers. Demand for restocker steers remained low but should change as land dries out after the floods. Export cattle where unchanged with the \$A remaining high although there was some interest in the lighter cows to put back in the paddock.
